**Route 207 @ Silver Stream Road**  
**Town of New Windsor, Orange County**

Dear Mr. Grealy:

The Department has completed its initial review of the above referenced application including your submission of June 6, 2008 for the proposed improvements at the Route 207 and Silver Stream Road intersection. We now find this intersection improvement concept acceptable. Please proceed with the final design including the necessary land acquisition/dedication. The signal timing at the intersection of Routes 207 and 300 may have to be adjusted when the Synchro Analysis is completed.

A Highway Work Permit will be required to complete the work. Please contact the Permit Engineer, Siby M. Zachariah-Carbone at (845) 562-8368 to continue this process.

Very truly yours,

Terence Donoghue, P.E.  
Regional Highway Work Permit Coordinator
